Subject: Environmental Management Strategy for Avonlie Solar Farm (Condition 1 and 2(b) Schedule 4 of SSD-9031)

Dear Mr Wang

I refer to your submission dated 10 June 2022, requesting approval of the Environmental Management Strategy (EMS) (Revision J, 30/05/2022).

The Department notes that the strategy was updated in response to the findings of the Independent Environmental Audit (April 2022) (IEA), which identified an opportunity for improvement by updating contact and administrative details in the EMS.

The Department has carefully reviewed the document and is satisfied that it generally meets the requirements of the relevant condition and the recommendations of the IEA.

As nominee of the Planning Secretary, I approve the Environmental Management Strategy (Revision J, 30/05/2022) under Condition 2(b), Schedule 4.

You are reminded that if there is any inconsistency between the approved document and the conditions of approval, then the requirements of the conditions of approval prevail.

Please ensure you make the document and this approval letter publicly available on the project website.

If you wish to discuss the matter further, please contact Julia Green on 9585 6409 or julia.a.green@dpie.nsw.gov.au

Yours sincerely

Nicole Brewer

Director
Energy Assessments

As nominee of the Planning Secretary
