Dear Mr Fitzgerald

I refer to your Operational Stage Bird and Bat Monitoring Annual Report 2025/2026, submitted as required by Schedule D, Condition 4 of MP08_0252 as modified (the approval) to the NSW Department of Planning, Housing and Infrastructure (the Department) on 14 March 2014.

The Department has reviewed the *Flyers Creek Wind Farm – Operational Stage Bird and Bat Monitoring Annual Report 2025/2026* prepared by Habitat Innovation and Management dated 19 June 2026 (BBAMP 2026 Report), and has consulted with the Conservation Planning and Assessments group of the Department of Climate Change, Energy, Environment and Water in relation to the impact triggers identified in the BBAMP 2026 Report. The Department considers the BBAMP 2026 Report to generally satisfy the conditions of the approval in relation to Bird and Bat Monitoring and Management.
